Patent Journals: An introduction

Bentham Science Publishers is an exclusive publisher of 15 online and print journals on recent patents in major therapeutic areas of drug discovery as well as biotechnology, biomedicine, nanotechnology, engineering, computer science and material science disciplines.

Publication types: Review, Research & Thematic Issue.

Journal Sample Copies

Sample Copy(s): We offer you the possibility of ordering free print sample copies or viewing free online sample copies. For information, visit www.benthamscience.com and select "Free Online Journals and Trials"

Ordering Information

- n We offer great discounts for direct multiple subscription orders (institutional and personal), global and multi-site online licenses and consortia licenses.
- n 2-Month FREE Online Journal Trial: We currently offer institutions the possibility of gaining FREE access to all Bentham titles for a 2-month period.
- n Subscription Information: All journals are available online. For information on the journals and how to order, please visit our web site at www.benthamscience.com and select "Prices and Ordering" or contact our subscription department.
- n Pay-Per-View: As an alternative to subscriptions, you can access a single manuscript online. By using your credit card, instant access to the desired article including the full text and illustrations is granted. For information, visit our web site at: www.benthamdirect.org

Important to Know!

- n Abstracting Agencies: Our journals are indexed in: Chemical Abstracts, Current Contents, MEDLINE, Biosis, Scopus and others.
- n Free Online Journals: As a service to the scientific community, we offer all journals sample issues free online. For access information, please visit our web site at www.benthamscience.com
- n Advertisements and Marketing Exchanges: We accept advertisements in all of our journals. Furthermore, we organize many marketing exchanges with relevant conferences. These conferences and attended conferences are highlighted on our conference site at: www.benthamscience.com/partnering-events/ For information, contact us at: marketing@benthamscience.org
- n Open Access: Bentham currently offers authors the choice of publishing their articles as open access. Please refer to the journal instructions for authors for details.

RECENT PATENTS ON ANTI-CANCER DRUG DISCOVERY

Publishes review and research articles, and guest edited thematic issues on recent patents in the field of anti-cancer drug discovery e.g. on novel bioactive compounds, analogs & targets. A selection of important and recent patents on anti-cancer drug discovery is also included in the journal. The journal is essential reading for all researchers involved in anti-cancer drug design and discovery. The journal also covers recent research (where patents have been registered) in fast emerging therapeutic areas/targets & therapeutic agents related to anti-cancer drug discovery.

Impact Factor: 2.95

RECENT PATENTS ON ANTI-INFECTIVE DRUG DISCOVERY

Publishes review and research articles, drug clinical trial studies and guest edited thematic issues on recent patents in the field of anti-infective drug discovery e.g. on novel bioactive compounds, analogs & targets. A selection of important and recent patents on anti-infective drug discovery is also included in the journal. The journal is essential reading for all researchers involved in anti-infective drug design and discovery. The journal also covers recent research (where patents have been registered) in fast emerging therapeutic areas/targets & therapeutic agents related to anti-infective drug discovery.

RECENT PATENTS ON INFLAMMATION & ALLERGY DRUG DISCOVERY

Publishes review and research articles that reflect or deal with studies in relation to a patent, application of reported patents in a study, discussion of comparison of results regarding application of a given patent, etc., and also guest edited thematic issues on recent patents in the field of inflammation and allergy drug discovery e.g. on novel bioactive compounds, analogs and targets. A selection of important and recent patents in the field is also included in the journal. The journal is essential reading for all researchers involved in inflammation and allergy drug design and discovery. The journal also covers recent research (where patents have been registered) in fast emerging therapeutic areas/targets & therapeutic agents related to inflammation and allergy drug discovery.

Medicine Journals

RECENT PATENTS ON FOOD, NUTRITION & AGRICULTURE

publishes review and research articles, and guest edited thematic issues on recent patents in all fields of food science & technology, nutrition and agricultural science & technology. A selection of important and recent patents in the areas covered is also included in the journal. The journal is essential reading for all researchers involved in food, nutrition and agricultural sciences and technology. The journal also covers recent research (where patents have been registered) in fast emerging technologies related to food additives, micro & macro-molecular food supplements, edible alternatives, food technology, nutraceuticals, healthy diet, nutritional value, calorie intake, malnutrition & related diseases, plant derivatives, agricultural technology and products, crop improvement and safety issues related to food, nutrition & agriculture.
