Special Issue for International Journal of Sensors, Wireless Communications and Control

Guest Editor: Dr. Meenakshi Sood & Dr. Shruti Jain

drmeenakshisood@gmail.com & drshrutijain@gmail.com

Advances in Wireless Communication, Networks and Automation

Aims & Scope:

The recent trends and emerging advance in the field of wireless communication network technology, automation and control of the communication systems are playing a pivotal role in the field of engineering. The objective of this special session is to provide the researchers a platform to present the state of the art innovations, researches, design and implement methodological and algorithmic solutions for wireless communication, and network control systems.

Keywords:

Wireless communications, Network Control systems, Automation

Subtopics:

- Ad-hoc and wireless Sensor Networks
- Quality of Service
- Wireless Communications and Networks
- Antenna Design
- Terahertz Communication Technologies
- Communications and Information Security
Papers submitted for publication for this special issue will be peer reviewed and selected on basis of their quality and relevance to the theme of this special issue. Submitted manuscripts should not have been published previously, nor be under consideration for publication elsewhere. A guide for authors and other relevant information for submission of manuscripts are available on the Instructions for Authors page (https://benthamscience.com/journals/international-journal-of-sensors-wireless-communications-and-control/author-guidelines/#top)

Please submit your manuscript via email to meenusood9@gmail.com or jain.shruti15@gmail.com

Schedule :

Manuscript submission deadline: October 25, 2019
Peer Review Due: November 15, 2019
Revision Due: November 30, 2019
Notification of Acceptance by the Guest Editor: December 05, 2019
Final Manuscripts Due: December 20, 2019
